

Want to Start a Business? Or Grow a Current One?

The Minority Business Initiative can help.

Working with community organizations and the Entrepreneurship and Small Business Alliance, Visioneering Wichita is bringing a new opportunity to you.

First Step FastTrac®

A program to help you start a successful business or take your existing business to a new level

Who is it for?

- Any member of a minority community
- Who is a resident of the Wichita area
- And wants to start a business or grow an existing business

What will the program do?

- Show how to start and grow a business
- Cover specific business concepts, including funding a business
- Have experienced business mentors help you launch and grow your business

A similar program had 9 out of 10 businesses succeed after five years. The goal is simple – we want to grow our own successful, minority-owned businesses. There will be a small materials cost to those going through the program, but all the classes, mentoring and most of the materials cost will be free.

What now?

- Find out more by attending an orientation
- Call Diane Longfellow at Visioneering Wichita to sign up at (316) 268-1141, or email her at dlongfellow@wichitachamber.org

Orientations will be:
