

**Visioneering
Unified Legislative Alliance
LEGISLATIVE PROPOSAL - 2007**

Instructions: Complete the following information provided below. Proposals should be no longer than two pages total in length (not including any drafts of proposed legislation). Proposals must be received by the Center for Community Support & Research (Wichita State University, Box 201, Wichita, KS 67260-0201 or e-mail at scott.wituk@wichita.edu) by 3 pm on November 1, 2007 for consideration.

Proposal: *It is requested that the Visioneering Unified Legislative Alliance include in its list of priorities for the 2008 legislative session...(describe in brief detail the proposal)*

Create the process whereas we have the following:

Motivated Workforce 2027, Project Clayton (named after my grandson who is six month old) This requires the expectations of each person to take individual responsibilities, accept empowerment, establishes relationships for career satisfaction and fulfillment in life thus eliminating Enabling and expectation of Entitlement.

OUTCOME: It is an expectation that Clayton and every child will KNOW THEIR NATURAL BORN TALENTS, **and that they will be in** either a position or in training for a **satisfying** career **that** provides livable, legal, and ethnical income, and fulfillment in life by 2027.

Background of issue (i.e., relevant data, history):

All Social Justice Issues
Substance Abuse
High School Drop out Rate
Etc.

Describe the regional impact or significance to South Central Kansas:

The communities and regions that figure this out will prosper, otherwise **WHERE WILL WE BE 20 years from now.** 20 years ago I sat in Boeing Quality Initiative meetings and we discussed Airbus building White Tails (airplanes without customers), Spirit is the result and the lost of 10,000 high paid positions including me?

Describe the relationship of the proposal to job growth, per capita income and/or education:

This will require **COMMUNITY COLLABORATION** of everyone. No longer can we have hard working Over Achieving Entities that don't Communicate and Collaborate.

We have to create the process where each person has the opportunity and responsibility to succeed.

Persons/Organizations/Groups with primary responsibility for advancing proposed legislation (please provide contact information, including telephone and e-mail):
